JUST A GUY

G
Plain as toast, nothing on it
C
Plain as day, plain old sun upon it
G
Plain as my face, and the nose that's on it
C G
I'm just a guy who loves you

G
To say my name would complicate me
C
To bring up my past would implicate me
G
To call me nice would overrate me
C G
I'm just a guy who loves you

C
Plain as water in a glass, no ice
G D
Plain as words from a child, no lies

G
Plain as a cloud, no silver lining
C
Plain as a dime, not new or shiny
G
Plain as tears, no hiding
C Em
I'm just a guy who loves you
C G
I'm just a guy who loves you
