

CAT DREAMS

B
There's no going sideways
B E
Up is the only way out
B E
Doesn't do me any good to shout
E F#
In this hole I dug myself
G# F#
Sinking deeper into doubt

B
Someone passed on last night
B E
I thought about her husband and just cried
B E
Met them only that one time
E F#
They were passing through our town
G# F#
In my heart now, on my mind

chorus:
E
Cat in the air
B
Twirling here and there
E B
If we could only do the same
E
Land on our feet
B
Go right back to sleep
F# B E B E B F#
Back to the dreams from where we came

B
How am I holding up?
B E
A question I can't avoid
B E
Here's a polaroid
E F#
I am lost, have you seen me?
G# F#
Every trace will someday be destroyed

[chorus + last three lines]
