

COLD SHOULDER

B
Cold Shoulder
E
Knocked me right off your front porch
B
I never felt one colder
E
Still I keep coming back for more
F#
These old knuckles getting older
E
Rappin' on your steel door
B
Cold Shoulder

B
Cold Shoulder
E
They said stay away from you
B
That just made me bolder
E
To warm you up a degree or two
F#
If a shoulder just gets colder
E
No good it can do
B
Cold Shoulder

E B
Cold Shoulder in the cold moonlight
E F#
Cold as the blade of a switchblade knife

B
Cold Shoulder
E
Come sit by the fire for a spell
B
The cold is getting colder
E
The kind of cold that burns like hell
F#
No big deal, just come on over
E
If you smile I won't tell
B
Cold Shoulder
