

## COMEBACK ROSES

G  
The lawn guy said the rose bush is dead  
G  
We soak it anyway  
D  
The thing that's really sad is how we let it get that bad  
Em  
But then you turn to me and say...

chorus:

C G  
I will never give up on you  
C G  
You have never given up on me  
C Em  
Sometimes we lose sight of everything that's right  
D  
Just so we can see  
C Em D  
We both know a heart can open just as easy as it closes  
G D G D

G  
Now it's white with snow but what do you know  
G  
Baby buds of red  
D  
We both start to cry, I look you in the eye  
Em  
And say those words you said...
