

GOODBYE, NARCISSUS

B E B
If you stick Narcissus in a vase with other flowers
F#
They will surely die
B E
That's because Narcissus gives off a special poison
B F#
Only Narcissus can survive

B E B
This flower is named after a young and handsome stranger
F#
Who only loves himself
B E B
And even though that fellow turns my knees to Jell-O
F#
I must say farewell

E
Oh Narcissus
B
I'll never be your Mrs.
E
You are married to yourself
B
I'm just another mistress
E
You might call it love
B
But that's not what this is
E F# B
Good bye, Narcissus

G#
When it starts to smells like scuzz
F#
At the bottom of a vase
G#
Then you know it never was
F#
Love

B E B
Narcissus can't stop staring at his image in the water
F#
Worse has come to worst
B E B
As he keeps on gawking the sun beats down upon him
F#
Until he dies of thirst

B E B
Now all the girls are weeping, though he never loved them
F#
They still fall apart
B E B
They can't find his body, just a bright white flower
F#
With a yellow heart

E
Oh Narcissus
B
It was so delicious
E
Then you left me with a sink
B
Full of dirty dishes
E
I will not admit
B
That I will miss your kisses
E F# E F# E F# B
Goodbye, goodbye, goodbye, Narcissus
