

HOPE YOU LIKE IT

D G
If all I could give you was a shoestring
D A
I'd tie it 'round your finger, not too tight
D G
Just a reminder to be a little kinder
D A
To yourself when nothing's going right

D G
If all I could give you was a marble
D A
It would be green like your eyes
D G
I wouldn't put it in a velvet pouch
D A
Beauty is too beautiful to hide

G D
If all I could give you was a peanut
G D
I would first remove the shell
G D
Then I would peel the skin off
A G
Bon appétit, Mademoiselle

D G
If I could give you mononucleosis
D A
It's what they call the kissing disease
D G
I'd make sure the kiss was worth it
D A
Fever burning in your knees

G D
But all I can give you is what I am
G D
Everything I think and say and do
G D
Open up those loving arms all the way
A G
I am giving all of me to you
D
Merry Christmas
