

I JUST HAD TO KISS YOU

D G
Tooth Fairy, I just had to kiss you, spare me the disappointed sigh
D G
Yes I'm aware the tooth is made of plastic, I bought seven for a dime
Bm A Bm A
Tooth Fairy, you're no phony-bologna, like every Santa Claus I ever met
Bm A Bm A
You're not my mama pretending to be you, you're as real as it can get

chorus:

D
Oh Tooth Fairy, I'd give everything I have
G
Every tooth in my head just to not feel sad
D
Here's your 50 cents back, please don't be mad
Bm A D
I just had to kiss you, Tooth Fairy

G Bm A
Tooth Fairy, you are not a dream, you're the one dreaming me

D G
Tooth Fairy, stay with me a while, why don't you pull up a chair
D G
It must be exhausting doing what you do every night of the year
Bm A Bm A
Tooth Fairy, I just had to kiss you, a chance I had to take
Bm A Bm A
I just had to feel something really real, a kiss just for its own sake

[repeat chorus]
