

IF I COULD ONLY TAKE YOU OR LEAVE YOU

D G
If I could only take you or leave you, but I can't do either one
D A
I got one eye on you that I simply can't take off, the other one's looking to run
D G
This ear listens to every word you say, this one hears birdies flying south
D A
This lip would do anything to give you a kiss, this one's tucked inside my mouth

G D G D
I can't take you or leave you, can't believe or disbelieve you
G D
I can't find a telescope by which I might perceive you
A D
If I could only take you or leave you

G
Cold feet on a hot summer's day
D A
"Never get married, never have kids," as my pop would say

D G
If I could only take you or leave you, how could I make up my mind?
D A
It turned to confetti the minute we met, now there's a prenup to sign
D G
This hand grabs the ballpoint pen, this one slaps it away
D A
This heart can't keep from breaking, hearts are made to break

G D G D
I can't take you or leave you, can't guzzle or dry-heave you
G D
I can't let you go and say that I don't need you
A D
If I could only take you or leave you
