

## IF WE COULD ALL BE BIRDS

B B E  
If we could all be birds, we would see this mess we made  
B E  
Bird's eye view of all that we betrayed  
F# E  
It would never get so absurd  
B  
If we could all be birds

B B E  
If we could all be birds, we'd leave nothing in the sky  
B E  
We wouldn't need turbine fuel to fly  
F# E  
Clouds passing by in herds  
B  
If we could all be birds

E B  
If we could all be birds, I'd sign up right away  
E F#  
Sell my car and fly to Sunrise Bay  
E B E B E B F#  
If we could all be birds

B B E  
If we could all be birds, it would be impossible to miss  
B E  
All the magnificence we could not dismiss  
F# E  
We wouldn't need all these words  
B  
If we could all be birds
