

## LOST

G C  
I can't find my appetite, can't find my laugh  
G D  
I can't find that pine cone you gave me  
G C  
I can't find a TV show, can't find a book  
G D  
Can't find a way to sleep without you, baby

C G  
I can't find a fortunate teller, I can't find a shrink  
C D  
I can't find a face that I can trust  
G  
I am lost

G C  
I can't find the aspirin, can't find my comb  
G D  
I can't find myself in the mirror  
G C  
I can't find my pocketknife, can't find my voice  
G D  
Or one reason you should reconsider

C G  
I can't find a wishing well, or a shooting star  
C D  
I can't even find my other sock  
G  
I am lost

Bm C  
I can't find the boy I used to be  
G D  
The one you said you fell in love with

G C  
I can't find a coffee shop, can't find a bar  
G D  
I can't find a place I want to be  
G C  
I can't find a daydream, can't find a train  
G D  
Can't find a way to get away from me

C G  
I can't find your eyes, not even in my mind  
C D  
They'd change from green to gray like Spanish moss  
G  
I am lost
