

## MAYBE I'LL SEE YOU

C C  
Maybe I'll see you in Venice, they say it's nice in May  
F F  
You and me in a gondola, I could peel you grapes  
C C  
Maybe I'll see you in Rio, find us a private cove  
F F  
Hold hands under a waterfall, maybe fall in love  
G G  
And if you want to just be friends, I'm okay with that  
F G C  
Maybe I'll just see you at the laundromat

C C  
Maybe I'll see you in a photo booth, in the pictures that we take  
F F  
Kissing me like you mean it, without a goofy face  
C C  
Maybe I'll see you in a tree I still love to climb  
F F  
We could sing with songbirds, maybe learn to fly  
G G  
But if you're gonna run inside and get your baseball bat  
F G C  
Maybe I'll just see you at the laundromat

F C  
One cold night we had the whole place to ourselves just you and me  
F G  
Your voice tumbles in my mind like my favorite pair of jeans

C C  
Maybe I'll see you in Poughkeepsie, we could sit around and pick our toes  
F F  
We wouldn't need our sanity, wouldn't need our clothes  
C C  
Maybe I'll see you in heaven, or in that other place  
F F  
Been down there a time or two, it's really no disgrace  
G G  
Until I see you in another life, this one's where we're at  
F G C  
Maybe I'll just see you at the laundromat (2X)
