

## OLD LADY

C  
Old Lady they called you before you were old  
F  
Five hungry sons and a husband turned cold  
C  
Bellies to fill, laundry to fold  
F                      G                      C  
Old Lady, Old Lady, do what you're told

C  
Old Lady you quickly lived up to your name  
F  
Didn't take long for your hair to go gray  
C  
Tears to hold back, words to not say  
F                      G                      C  
Old Lady, Old Lady, the fool's gone astray

F                      C  
Old Lady do this, Old Lady do that  
F                      G  
Would you fall apart if you just sat?

C  
Old Lady, Old Lady, I'd build you a sky  
F  
Give you some wings and send you up high  
C  
Maker to meet, last breath to sigh  
F                      G                      C  
Old Lady, Old Lady, I love you, goodbye
