

PAPER AIRPLANE

A# D#
I made this paper airplane from a letter I wrote
A# F
Didn't have an airmail stamp, no envelope
A# D#
I'm standing on the shoreline with nothing but hope
A# F A#
Go, paper airplane, go

A# D#
The words were way too heavy, how could it fly?
A# F
Then a magic gust came up and launched it in the sky
A# D#
It's better to exaggerate than it is to lie
A# F A#
Go, paper airplane, go

A# D#
It showed up on the radar at Kuala Lumpur
A# F
They'd never seen anything so moving before
A# D#
They used up all their tissues, their noses were sore
A# F A#
Go, paper airplane, go

A# D# A# F A# D# A# F A#

A# D#
It came in for a landing in a glen where she stood
A# F
It crashed and burned in front of her, she did what she could
A# D#
To read the words before they were gone for good
A# F A#
Go, paper airplane, go
D# F A#
Go, paper airplane, go
