

SLEEPING BEAUTY

D
I used to be a rooster up before the light
G
That cock-a-doodle-do of mine would scare away the night
A
Now as I watch you sleep, I won't even yawn
G D
Sleep on, Sleeping Beauty, keep on sleeping on

D
I used to be a bugle boy waking up the world
G
Just the thought of me would make your ear drums curl
A
Now I'm quiet as a lake cradling a swan
G D
Sleep on, Sleeping Beauty, keep on sleeping on

G D
You say I keep you up all night, it's the other way around
G A
But if you need your beauty sleep, I won't make a sound

D
I was the bull in the china shop
G
Knocked over everything and still wouldn't stop
A
Now I'm in my soundproof head singing you this song
G D
Sleep on, Sleeping Beauty, keep on sleeping on
