

## STANDING IN THE KITCHEN

C F C F  
I'm just standing in the kitchen, don't remember what I came here for  
C F C F  
Like when I came into the world, swirling in a cosmic swirl  
C F  
Couldn't tell the oyster from the pearl

F C  
Alfie never found an answer to what it's all about  
F  
Paced up and down the hall, banged his head against the wall  
G F C  
I'm just standing in the kitchen in the middle of a Tuesday afternoon

C F C F  
I'm just standing in the kitchen, the window not bringing in much light  
C F C F  
All those clouds outside, all these clouds inside  
C F  
Can't tell a laugh from a cry

F C  
Lao Tzu never gave an answer, everyone already had their own  
F  
One day he disappeared, maybe grew a beard  
G F C  
I'm just standing in the kitchen in the middle of a Tuesday afternoon

G F  
This is all it comes down to  
G F  
Standing in the kitchen in the middle of a Tuesday afternoon

C F C F  
I'm still standing in the kitchen, just remembered what I came here for  
C F C F  
I was looking for a hug, all I can do is shrug  
C F  
Can't tell lightning from a lightning bug

F C  
No one can give you an answer, that you yourself already have  
F  
I am not canoeing, just doing what I'm doing
