

THE ONLY WORLD I KNOW

B
 Everyone's saying I'm over the hill, but if you look around
 F#
 These here plains are just plain flat, no hill to be found
 B
 I wouldn't know a hill if it punched me in the nose
 F#
 Tallest thing I ever saw is the corn that grows
 G#
 Whatever hill they're speaking of is nothing but a lie
 F# B E
 Scarecrow in the field, crow in the sky

B
 They all say I'm not with it, whatever it's about
 F#
 If they mean the it they're with, I'd rather be without
 B
 This so-called it they have won't do me any good
 F#
 It won't feed the cows, it won't chop the wood
 G#
 It is just a word for something I don't buy
 F# B
 Scarecrow in the field, crow in the sky

bridge:
 E
 I don't know what world people are living in
 B
 I don't know where they hell they are
 E
 The only world I know is underneath my feet
 E F#
 I never need to go very far

B
 You can't take me anywhere, that's what you always say
 F#
 There's nowhere I need to go, have fun in Monterey
 B
 I'll be here when you get back, at least that's what I guess
 F#
 Any breath could be the last, that's the way life is
 G#
 I'll taste the ocean on your skin, that'll be just fine
