

## WEDDING VOW BLUES

A D  
My car is in the carport without yours by its side  
E A  
Yes I know you'll soon be home but it still makes me cry  
A D  
No one likes to hear the words: death do us part  
E A  
It happens to the best of us, I don't mean to be so dark

chorus:

D A  
Nothing is for certain, I could lose you just like that  
E A  
You heart's the only place where I can hang my hat

A D  
My head is in the rain clouds though the sun is shining bright  
E A  
Thinking of a friend of mine lost without his wife  
A D  
I'm sure he would tell me to cherish you each day  
E A  
Now here you are in front of me, just a kiss away

[repeat chorus and last line]
